## New Crime watch program entails help from FPL

By BRENDA BUNTING

Florida Power and Light Company employees are participating in a new program called "FPL Radio Watch." The program will use radio-dispatched utility workers to report emergencies, accidents, crime and suspicious activity to local police.

Palm Beach County Sheriff's Detective John Lamont outlined the program to FPL employees last Friday.

"This is an offshoot of the neighborhood crime watch program," Lamont told the group. "With both husbands and wives working, this leaves homes unattended all day. Residential burglary is a big problem," he said.

The FPL employees were told they should observe and report any suspicious activities in the neighborhoods they are working in.

"We definitely need your help. Particularly because of the residential daytime burglaries," Lamont said.

He stressed that he did not want the employees to jeopardize themselves. "When it comes to criminal type activity, we are not asking you to get involved, just observe and report."

Lamont said the men in the bucket trucks have a distinct advantage. He said many times law enforcement officials need to be called in order to do a search of a suspect or a vehicle.

"It gives the police a reason for probable cause if an FPL employee calls. Then we can check. Otherwise, we legally have no right to search the cars. If it doesn't look right, call," he said.

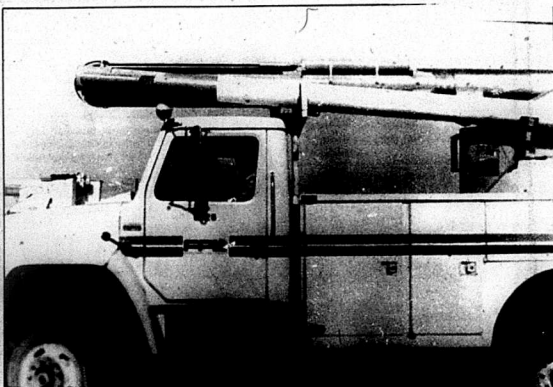

Lamont said the current crime watch program is very successful in Palm Beach County. He said Palm Beach County has the second most active tips line in the United States.

He said most of the crimes are being committed by nine to 18 year olds. He told of a nine year old who was arrested 17 times for car theft. He said the last car the boy stole was a 300 ZX.

He said the child could hardly see over the steering wheel to drive, but he was a good car thief. He added that while they would be doing the paperwork on the boy, his mother would be getting him out of the Department of Youth Services.

Radio Watch logo decals will be displayed on the FPL vehicles. "That way, these vehicles can

Ray Myers, Senior Coordinator for FPL said of the employees,

"This type of interaction with the public is Mickey Vanscoy great. FPL has been involved a lot of the time in lifesaving efforts." and George Boyer on Friday, August 16. "We are just now catching up with you. You have been doing a good job," said Myers. officials get Miller out

ZANE MILLER receives a commendation from FPL Belle Glade Yard Superintendent Mickey Vanscoy

GEORGE BOYER accepts his commendation from Florida Power and Light official Mickey Vanscoy.

## Deputy shoots woman in self-defense

BELLE GLADE -A 37 year old knife-welding woman, was shot and killed by a Palm Beach County Deputy early Monday morning, when he and other deputies responded to a domestic problem at the 715 Mobile Home Park in Belle Glade.

Lieutenant Mike Mills, Glades Sub-Station, said Frances Milner was shot by Deputy Frederick Murray when she allegedly produced a ten and one half inch butcher knife from behind her back, and backed the deputy up approximately 22 yards before the shots were fired.

Mills said the incident began when the woman entered the residence, in the same mobile home park, of an ex-boyfriend, and

## Inmates hold Walk-A-Thon for Aid to Africa

By ELKE SCHWARZ

BELLE GLADE- The goal: To walk 20 miles The place: GCI's Recreational Grounds

The time: Saturday, Aug. 17, 1985

The participants: GCI inmates

The reason: To raise money to help starving people in Africa

Glades Correctional inmates held a Walk-A-Thon this past Saturday raising over \$200 for the people suffering in Africa.

Morale was high that day as over 75 inmates

walked around the prison's recreational grounds.

The distance around the grounds is approximately one half mile. In the scorching heat, some walked, others jogged, but all had one goal in mind-to complete twenty miles in order to help feed sick and hungry people.

Music broadcast over loudspeakers seemed to help keep a high stamina level. A refreshment table was also provided when a breather was necessary and lunch was served out on the grounds for this all day affair.

Demetrius Sherrod, Rehabilitation Therapist at GCI, said the idea for the Walk-A-Thon originated in group therapy.

"They saw programs about 'Live Aid' on television, but they don't have any money to donate," Sherrod said. "They were really excited about the idea to help and wanted to do something to raise money."

A one day fast was contemplated at first, but was decided against. The Walk-A-Thon idea was enthusiastically received and 500 inmates signed up.

Sherrod said that pledge forms, set from one cent to \$20 for one walker, \$35 for 2 walkers, and \$50 for 3 walkers, were sent out into the community. Aside from a \$100 donation from the Kappa Alpha Psi fraternity, a favorable response did not ensue.

But that did not dismay the inmates.

"I'll walk for anyone who's starving, because I know how it is to be hungry," said one inmate.

"I usually come in the field to jog anyway," said Frisnel Sainle, who was the first one to complete 20 miles. "I was the first one to sign up."

Willie Floyd, Assistant Superintendent at GCI, and also a participant in the Walk-A-Thon, said that this event was a morale booster.

"They were doing something positive in a negative environment. People in prison are also concerned about the goings on in the world," Floyd said. "The inmates are glad they did this. This shows they care about other people, not only themselves."

Other inmates voiced their personal feelings about the Walk-A-Thon.

## 'WIFE' explained to Rotary

KAREN SPOONER, president of WIFE, tells Belle Glade Rotarians about the organizations.

BELLE GLADE-The meaning behind WIFE (Women Involved in Farm Economics) was related to the Belle Glade Rotary Club by WIFE President Karen Spooner, Tuesday, August 20. "My husband, John R. Spooner is a third generation farmer in Belle Glade," she said. "Before coming to Belle Glade six years ago, I was confused about the family structure in farming. It's a lot more to growing crops."

WIFE, she told rotarians, is a support group made up of women involved or interested in agriculture. First organized in Sidney, Nebraska, in 1976, when things were getting worse during the Carter Administration," said Spooner.

WIFE's main purpose is promote economic prosperity in agriculture. Currently, WIFE is in 22 states across the nation, including three chapters in Florida!

Here in the Glades, WIFE was chartered in August and have about 80 members. The Glades chapter stretches west of Clewiston and into the West Palm Beach County.

Spooner said that even though she wouldn't trade farming life for anything in the world, there are many problems farmers are faced with, such as weather and crop failure.

## Housing improvements proposed for \$5 mil grant

SOUTH BAY-Two South Bay commissioners, Willie Marshall and Dorothy Davis, and City Manager Lomax Harrelle have been putting their heads together in order to come up with recommendations on how to spend the \$5 million dollar grant the Glades will be getting.

At the South Bay City Commission meeting, held Tuesday evening, August 20, Harrelle said all the monies will be spent on better housing for needed for South Bay and that it may take a few weeks to form the proposals.

Mayor Anthony commended the committee by saying they were doing a good job in preparing plans for improved housing.

"We dearly, dearly, need housing improvements," he said.

Anthony also encouraged the committee to work on finishing the housing proposal.

In the city managers report, Harrelle informed the commission that paving and drainage had

been completed on the city's 6th and 7th avenue. He said that the residents living on NW 7th Ave should deposit their trash at a specified area on the end of the street.

Harrelle also mentioned that Royal's Furniture has been contacted to possibly donate the property they own on the north side of NW 6th Avenue for a trash site.

If donated, the property, which is approximately 100 square feet, would be fenced in and maintained at the city's expense.

An inspection of the new roads is expected to take place on Thursday morning, August 22.

In other business, the commission approved:

\*The payment of \$2240.51 to Barker, Osha, and Anderson, Inc. for road improvements.

\*The payment of \$37,806.05 to Eden's Construction Company, Inc. for road improvements.

\*To allow transfer and balancing of 1985 budgeted accounts.

## WIFE

Continued from 1

Handed out to the rotarians before the meeting, was a copy of an article out of the Ladies' Home Journal entitled "Harvest of Tears", telling about farm plights in the mid west.

The article pointed out that some farmers are on food stamps, some have to ask their children to leave home, and some farmers, commit suicide because of the pressures and grief of being unable to feed their families.

Spooner said that WIFE was politically non-partisan, but interested in policies, such as the 1985 farm bill, which directly affects the farming families.

She commented that WIFE does not cry the 'poor farmers story'.

"All efforts are needed to make this organization work," she said. "We must inform the non-

farming public." Spooner said that WIFE members give their own testimonies, write their own speeches, brochures, attend various agricultural seminars and meetings, work closely with the state department, write congressmen, and educate themselves.

"We live what we talk about," said Spooner. "But one thing we do have is patience—that's what's needed when dealing with Washington."

Spooner also said that the WIFE meetings would alternate between Belle Glade and Clewiston each month.

In Belle Glade, the meetings will be held at the Sugar House and in Clewiston, the John B. Boy Auditorium.

The next meeting will be held at the John B. Boy Auditorium in Clewiston on Sept. 19.

## Crime Watch

Continued from 1

be spotted easily by someone who may need help in reporting or relaying emergency messages," said Dale Stapp, Glades District Manager.

"By giving our crews a heightened awareness of people and the activity around them, we hope we can prevent citizens from being victimized by crimes," Stapp said. "And in emergencies, we want people to know that FPI can summon help

when a telephone may not be available." Detective Bob Honholz told the group that apathy had grown so much that the vast majority of people don't want to get involved.

"We want to send a message to the bad guys that we are not going to tolerate them in Belle Glade," Honholz said. "If criminals get away with it, ultimately it hurts all of us."

## Walk-A-Thon

Continued from 1

"It doesn't cost anything to be nice," said inmate Raymond Werner, who completed 24 miles. "I don't know how much help we'll be from here," said inmate Frank Mars. "But

whatever we can do, we'll be glad to help." Other money making ideas are on the drawing board, said Floyd, but first, the donations will be tallied and sent in check form to Aid to Africa.

## Shooting

Continued from 1

apparent argument ensued.

The man fled to the home of a nearby neighbor, Sergeant Albert Harper, also of the sheriff's office, apparently to seek refuge.

Mills said Deputies Lewis, Navarro, and Murray arrived at the scene around 12:12 a.m.

The lieutenant said Milner approached the officers, forcing them back, then for reasons unknown at this time, singled out Murray, and allegedly charged at him with the knife in her hand.

Mills said the deputy retreated until he was

backed into a hedge, and could retreat no more. Murray, said Mills, fired one shot into the woman's chest.

He said the woman was pronounced dead at 12:59 a.m., at Glades General Hospital.

The lieutenant said Murray has been relieved of duty with pay while the investigation into the incident is ongoing.

"Deputy Murray will be relieved of duty until the investigation is terminated, which will take approximately four to five days," said Mills.

BELLE GLADE—

Donald Ray Young, 15, of 437 W. Main Str., Lot 11, Pahokee, Florida, died Monday night, August 19, at Good Samaritan Hospital in West Palm Beach, from apparent injuries he sustained after falling from a pick up truck.

According to police report, Richard Rogers had been helping a friend move a refrigerator, using a pick up truck as transport.

When Rogers left his friend's house, he did not realize that three juveniles had climbed into the back of the truck.

Donald Young apparently sat on the tailgate of the truck and was holding onto a pipe used as a rack to store items above the

truck bed.

He apparently lost his grip and fell from the truck, striking the pavement with his head.

Patrolman A. Rodriguez and the Belle Glade Fire Rescue Unit responded to the accident, which occurred in the 500 block of SE 2nd Str.

Emergency treatment was administered and the youth was transported to Glades General Hospital, then

flown by helicopter to Good Samaritan Hospital.

The incident is still under investigation and pending the results of the medical examinations, the case will be turned over to the Assistant State Attorney's office for further investigation.

At this time, no charges have been filed. Rogers received a citation for not having a valid driver's license.

## Felony cases filed

Felony cases filed in the Glades the week of August 12.

Mary E. Roundtree, 164 Adams Pl., Pahokee, shooting into occupied building, aggravated assault;

Karla Miles, Waldees No. 4, Belle Glade, aid and conducting a lottery.

Willie B. McKinzie, 109 NW 10th St. Belle Glade, Possession of Marijuana with intent to sell, introduction of contraband into state

prison; Rose L. Harvey, 186 Chamberlan Ct., Pahokee, Aggravated battery, improper exhibition of dangerous weapon, attempted aggravated battery.

Randolph Miller, Jr., Osceola St. No. 95, Belle Glade, burglary; Luvern Johnson, 941 SW Ave. E., Belle Glade, Felony petit theft; Willie Ball, 20 Everglades ST., Belle Glade, aggravated assault.

Dorothy M. Hardwick, 15 Roosevelt St., Belle Glade, aggravated assault (4 counts); James C. West, Roosevelt St., Belle Glade, Possession of Cocaine with intent to sell.

Brenda J. Edwards, 4 Roosevelt St. Belle Glade, aggravated battery; Willie Wallace, 405 Golden Pk., Pahokee, aggravated assault, carrying a concealed firearm, battery, improper exhibition of dangerous weapon.

## 19 year old arrested

BELLE GLADE—A 19 year old was arrested

August 9 in conjunction with a possible forgery of a welfare check.

According to police report, the store manager of Hollingsworths Shoes, located in the Glades Plaza, told police that he had just cashed a welfare check written to Dan McCray of Pahokee and also sold a pair of shoes to the same person representing himself as Dan McCray.

Anderson stated that several minutes after this check was cashed, another person entered the store with the same pair of shoes wanting to exchange them for another size.

Further investigation revealed that Bob Freeman, of Pahokee, Florida, and three other persons are involved in this forgery.

Freeman was arrested. Other arrests are pending.

## Back to school clothes at This 'N That

**BELLE GLADE** The This 'N That Thrift Shop has a wide variety of "Back to School" clothing for the entire family, according to Barbara Treadway, manager.

The shop is a project of the Glades Area Association for Retarded Citizens and is located at 1417 N.W. Ave. L in the Two-T Plaza.

Treadway said the ARC appreciates the support so far from the community. She said people have come from all around the lake to the shop.

This 'N That is open Tuesdays through Saturdays from 9 a.m. to 5 p.m. Donations can be dropped off at the store or by calling 996-9583 for pick-up service.

The first Nicky Hegley Bass Tournament is set for Sunday, September 8, with take-off at 5:45 a.m. from the Clewiston boat ramp.

The entry fee is \$20 per person with a limit of two fishermen per boat. Entrants must be 18 or older.

Trophies and prize money will be awarded for first, second and third places, and for the biggest bass. Trophies will also be awarded for the father-son team and woman weighing in with the most total pounds caught.

Tournament waters are limited to those accessible by boat from Clewiston. Life jackets and safety equipment will be required and boats will be checked prior to departure.

Fishermen can use only artificial bait and fishing can be done only out of boats, no shore fishing or wading.

There is a limit of ten bass per competitor and fish must be a minimum 12 inches from closed mouth to the tip of the tail. Illegal size fish presented for measurement will be penalized by the loss of that fish and one pound off the total weight.

The tournament will be supervised by the LaBelle Bass Busters and registration is at Nicky Hegley Chevrolet Pontiac Oldsmobile, 202 W. Sugarland Highway. The cut off date for en-

tries is 5 p.m. Friday, September 6. Boats will leave in order of registration.

Late arrivals at the 2 p.m. weigh in will be penalized one pound per five minutes tardiness and total disqualification after 15 minutes.

There will be an 80 percent payback for the first three places. Other prizes have been donated by Jolly Roger Marina, Clewiston Auto, Bond Marina, Anglers Marina, Roland Martin's Clewiston Marina, Fry Hardware, Git-n-Split, Hendry Auto, Moore Haven Auto Parts, Rackstraws Auto Parts, LaBelle Ace Hardware, Griffin Lures and Stricks Tackle.

Everyone is invited

to the weigh-in at 2 p.m. at the boat ramp.

## Directory assistance costs going up

Newly approved

directory assistance charges by the Florida Public Service Commission (FPSC) will be reflected in the August statements of United Telephone Customers.

As of July 1, all calls to local directory assistance (411 or 1411) cost 25 cents, after an allowance of three free calls after a six call month, said Bob Allen, customer relations manager in Punta Gorda.

Allen said that calls to long distance directory assistance (1-555-1212) for telephone numbers within Florida (whether inside or outside the caller's area code) also cost 25 cents, with no free-call formerly charged 15 cents for calls to local directory assistance, after an allowance of three free calls after a six call month, said Bob Allen, customer relations manager in Punta Gorda.

# Editorial

## Taking it from the top

### Be careful who you tune in

Improve yourself! Go ahead! Be more attractive, healthier, appealing! Go to college, you will make more money.

Beware of big government. Look out for the big church.

Everyone has become a prophet. Everyone is giving advice. There are prophets of doom and prophets of prosperity.

The prophets of doom foresee the end of the world in every event or trend, while the prophets of prosperity see the economy on an automatic escalator of progress.

Jesus says "Beware of false prophets." It therefore behooves everyone, especially Christians, to weigh what is being said. Our attitude many times determines the prophets to whom we listen.

In reality we listen to the ones who agree with us. We like to reinforce our own opinions. Laughingly we say "He is a great man, he thinks the way I do" but we also think this way.

Many times we follow the prophet with the greatest voice or following. We are like the children of Hamelin, running after the Pied Piper.

Jesus says "You'll know them by their fruits." What is produced determines the tree. A good tree will produce good fruit.

Our Lord is saying that it is not only words that deeds. It is not only promises but results that count.

Friendship, work, love, and the Gospel must have its roots in Jesus Christ.

Many lives are full of weeds. Weeds are vigorous and strong and will choke out the good

**Dr. David T. Evans**

**Everglades Presbyterian Church**

if we do not take precautions. Weeds are temptations which lead us astray.

Weeds are evil, selfish thoughts which clog up our minds and distort our vision. Not only are we to keep the evil things out of our lives but we must put good things in it.

Jesus gives us a warning that if we do not bear good fruit we will be cut down and thrown into the fire. We do not like to think of our Lord as being vindictive or unmerciful, but after repeated warnings we will be punished.

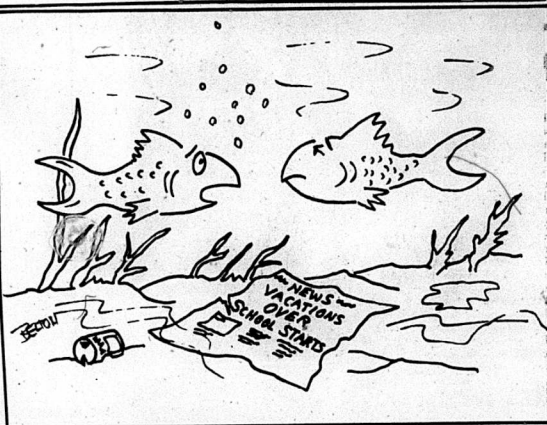

By our fruits we will be known. We will be recognized for what we do with what we have. We are enjoined to use what talents we have been given.

Not only this, but our attitude and acts are an expression of what we truly believe. This is of course too hard for some people because they do not want to let others know that they are Christians.

We have the feeling that being a Christian is too "way out" or being a fanatic. A Christian is one who believes and is trying to live a life of love.

The love which motivates us to produce fruit is the love which was seen and is seen and will be seen in the lives of those who have been touched by Christ.

Choose Christ for your leader; beware of those who would lead you away from Him. Live your life so that people will know what kind of roots you have. Your life is the fruit of your tree. Show Christ in your life and by your love.

Why don't we get a vacation? We have to be in school all the time.

## A look back....

**40 YEARS AGO**  
**THE BELLE GLADE HERALD**  
**AUGUST 24, 1943**

R.Y. Crech, successful and longtime Glades grower announced his intentions to construct a modern business block building to house the recently formed Glades Appliance Corporation, of which he was president.

Word had been received that Carmon Boone expected to receive a medical discharge from the Marine Corps in October. He was in a naval hospital in San Diego, California, where he was transferred from the Philippines after being injured in action during the invasion of Okinawa.

**30 YEARS AGO**  
**THE BELLE GLADE HERALD**  
**AUGUST 19, 1953**

Bids were to be taken for two construction jobs for the Central and Southern Florida Flood Control Project for the Lake Harbor Pump station and L-6.

Chief of Police Charles Goodlett was shown in front of the array of Safety Certificates received by the Belle Glade Police Department over the past several years.

Getting out of the bean business and into the cattle business was recommended by Paul

Thomas, former president of the National Cattlemen's Association.

**20 YEARS AGO**  
**THE BELLE GLADE HERALD**  
**AUGUST 12, 1963**

The Belle Glade City Commission authorized the City Manager to request a permit from Central and Southern Florida Flood Control District for the construction of a bridge across the Hillsboro Canal at the intersection of S.E. Ave. B and US 441.

James Howard Woodham of the South Bay Lion's Club was presented the first annual Lion of the year award by H. V. Draa of the Belle Glade Lion's Club.

## Vision and hearing are important

One of the most common problems with school age children is a vision disorder or hearing disorder.

Every year we screen for these disorders in kindergarten, 2nd, 4th, 6th, 8th and 12th grades. If we find that there is a problem with either of these tests, we bring them to the health room for a second screening. If there is still a problem, then we notify the parent and the child that the child should be taken for a check-up by an optometrist or up

ophthalmologist.

In order for us to know that these children have been treated, or that they do not need treatment, the parent needs to contact either the school or the nurse at the health department, with the results of the doctor's exam.

Sometimes it is financially impossible for the parent to get a medical exam for the child. If this is the case, parents should contact

the nurse to see if we can find someone to do the exam.

When the child goes to the doctor and perhaps is fitted with glasses, he or she needs to continue wearing the glasses until they are examined by the doctor again and be "discontinued" the use of them.

For hearing exams also we need a report from the doctor as to the results and suggestions for helping the student.

Many students who do not achieve in school may have a vision or hearing problem. If you feel that your child might have a problem, you can send a note to his teacher asking to have him or her checked. Teachers also may request that students be checked.

Please try to cooperate when you receive a letter requesting a check-up. We try to be sure before we send them out.

academic achievement.

To determine the potential worth of a comprehensive school health program, school boards need only look at the number of student absences for preventable health prob-

lems; uncorrected vision problems, hearing losses, and the limitations that may be imposed on students by a disabling illness such as asthma, seizure disorders, diabetes or heart disease.

## Health imperative in academics

Most educators support good health experts on a port the premise that positive influence on

## The gamble on weather is high

**GAINESVILLE**—There's more than a picnic or a golf game at stake in the question, "Will it rain here in the next couple of hours?"

For the space shuttle, it's a million dollar question, says University of Florida experts just named to the National Research Council's Board on Atmospheric Sciences and Climate.

"And for many hard-pressed Florida farmers, it's a question of survival," said John Gerber, director of agricultural grants in UF's Institute of Food and Agricultural Sciences.

"It would make for an odd partnership," Gerber said, "but it looks to me as though Florida farmers and space program should

get together—maybe bring in resorts, too—to work out a weather detection-forecasting system."

The stakes are high in the great weather gamble, Gerber said. "It costs the space program \$1 million to bring the shuttle back from California, if it can't land in Florida," he explained.

"But once the decision is made to fly the pressed Florida farmers, it's a question of survival," said John Gerber, director of agricultural grants in UF's Institute of Food and Agricultural Sciences.

"It would make for an odd partnership," Gerber said, "but it looks to me as though Florida farmers and space program should

go to California when it turned out that you could have landed in Florida.

"There's a lot at stake with the weather," said the agricultural climatologist. "People forget that."

Farmers also have a strong, immediate, economic need-to-know about rain, said Gerber, who helped set up FAST, Inc., a private, not-for-profit weather information system for freezes, rains and agricultural weather.

"If a farmer sprays a pesticide, and it rains within a few hours, then he'll have to spray again, at the cost of \$10 to \$100 per acre. That's just his out-of-pocket costs, never

mind the cost to everyone of the polluting run-off."

Even more important these days, with agriculture and cities competing for rain supplies, is longer-range forecasts of rain.

Agricultural climatologists say that a week without rain puts most of Florida's sandy soil into a drought situation.

Said Gerber, "If it's not going to rain within a week, you have to start irrigating now. Irrigation takes time and you can't catch up if you get behind. You can't take the risk of losing your crop, either. On the other hand, irrigation costs money most farmers can ill afford to waste."

## Of men and makeup

Why is it the fastest week of the year, is the one I take off for vacation?

That's right, I took last week off so that I could overdose on TV and sleep. I readily admit, I'm a boob tube junkie, and what I don't like to see at night and such, my television viewing time is somewhat limited.

I used to be a big fan of the Donahue talk show, so with anxious anticipation I jumped out of bed last Monday and made a mad dash to the tube, and turned the one-eyed monster on.

I plopped down on the couch with a tall glass of iced tea, ready and willing to expand my intellectual horizons.

With eyes glued to the screen the show began. Today's topic: androgyny. I immediately fell into an intense state of despair. Why, when I finally get to watch a supposedly intelligent program, must I be subjected to men who dress like women, and vice versa?

For those who were lucky enough to miss this particular program, androgyny is practiced (the way those folks were made up, they've gone past practicing), by those who believe

## PAHOKEE OBSERVATION

By Eric Kopp

that human's have both a male, and female side.

Hence, men wearing make-up and women wearing men's clothing.

The camera came in close on one of the "men", showing off his rouge and eye liner, and my iced tea curdled. At least it tasted like it.

Give me a break! I somewhat understand men wearing make-up on stage, Alice Cooper, David Bowie, KISS, but these guys were making the statement that they were aware, and not afraid to show, the feminine side of their personality.

A lady(?) psychiatrist from San Francisco (where else), said this was not a passing phenomenon, and the youths should be commended for their having courage enough to display both sides of their personality.

Here's this woman, with a face only a far-sighted gorilla could love, telling me it's perfectly all right for men to plaster their faces with Maybelline, and wear earrings.

Well, it may be alright for them, but somehow I doubt blue eye shadow would look right with my stop light colored eyes. Also, I don't have the foggiest idea what color of rouge best fits my complexion.

But, what really got me, was one of the young "men", who was 17, told the audience he was making a statement as to his identity.

He swore up and down to the audience that he was "straight", and he even had a girlfriend. I conjured up the image of he and his lady, he looking like Tiny Tim, and she like Dick Butkus, strolling merrily, hand in hand.) Yuki!

And their clothes! Now that's another story. I've seen winos on North Kansas Avenue (which is the mecca for winos in Topeka, Kansas) that dressed better.

I guess I'm so far behind I'll never catch up, but I believe I'll stick to Levis and boots. There is no way I could describe their clothes to you, except as 18th century deprivation.

I looked toward the heavens in a plea for strength. I don't think I can take the pressure

# Sports

## New coach ready for a challenge

By ELKE SCHWARZ

**BELLE GLADE**—Joe Ray, the new football coach at Christian Day School, says he's ready for a challenge this football season.

Ray, originally from Oxford, Mississippi, brings with him an impressive football background.

Having played football for five years at the University of Mississippi, he has coached one year of high school football in Collierville, Tennessee and coached two years at Delta State University in Cleveland, Mississippi.

Christian Day's advantage this year is a team comprised of sophomores and seniors, many of them returning players.

"We have a young team," said Ray. "We have a lot of sophomores and we have quite a few seniors in key positions."

David Chamblee and Juan Marin are the seniors in the running back positions.

The offensive line seniors are Peter Rawls, Anthony Copen, and Patrick Chancey. Chris Dahlsmith is in the center/guard position, and seniors Tim Clark and John Kelly are the tight ends.

Practice has already started for the Crusaders. The team is out practicing on the field in the early mornings and late afternoons.

"My strength in football is offense," said Ray. "We have a strong defense. All we have to do is establish an offense to compliment our defense."

And steps are being taken to do just that.

Aiding with the offensive line are James Jacks and John Chamblee. Mike Alford has charge of the wide receivers and Ray is coaching the quarterbacks/running backs.

The defensive line is also broken down. Chamblee handles secondary, Jacks, the defensive line, Alford, the offensive scout team and Ray, the line backers/defensive ends.

Ray feels that with the team being broken

down in this manner, individual instruction is provided and there is a better player/coach relationship.

Ray said that he stresses discipline during practice, but stresses academics before sports.

Therefore, he monitors players grades and actions in school.

"Discipline is the key behind winning," he said. "Sports is for now; academics is for a lifetime."

But when practicing, he tries to impress upon players teamwork, pride, aggressiveness, and the enjoyment of the sport.

"I tell them to never knock an opponent and to never underestimate an opponent," Ray said.

With last year's team record at 0-10, Ray is ready to face the challenges that lie ahead during the Crusader football season.

"People want to hear what type of season we're going to have," he smiled. "But I'm not in predictions."

JOE RAY

## All American Quarterback to speak to Glades youths

**BELLE GLADE**—Former high school and collegiate All-American quarterback Mike Phipps, will be the featured speaker at the September 7 "kick-off" for the adult chapter of the Fellowship of Christian Athletes at the Airport Park in Belle Glade.

Phipps, who attended and graduated from Purdue University, quarterbacked the team to a 27-0 record, and finished second in the 1969 Heisman Trophy balloting.

The 37 year old signal caller set 24 Purdue and Big Ten records, was named the Big Ten's Most Valuable Player in 1969, and was tabbed as a collegiate All-American three times.

Phipps was also named to the All-American Academic Team in 1969.

The veteran of 12 National Football League campaigns, was the third player selected in the 1970 draft by the Cleveland Browns.

Phipps quarterbacked the Browns for seven years, then led the Chicago Bears for five seasons, before his retirement in 1982.

He was also the first quarterback to engineer

three victories over the Notre Dame Fighting Irish.

The new FCA chapter, called the "Glades Support Team," invites all junior and senior high school boys and girls to attend, and participate in football, volleyball, basketball, and softball.

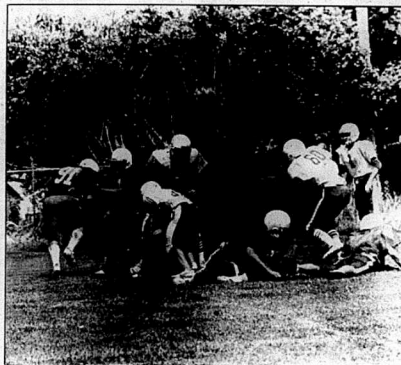

The adult chapter, the first in the Glades, will serve to unify all Glades athletes.

A free dinner will also be served following the competitions, which are scheduled to begin at 1:00 p.m.

The Fellowship of Christian Athletes is a national organization with the purpose of presenting to athletes, coaches and parents, the challenge of receiving Jesus Christ as Savior and Lord, then serving Him through athletics.

Adult volunteers, as well as members, are needed.

For more information contact Truman Hartzog, youth minister at the First Baptist Church in Belle Glade at 996-5596, or Coach Don Thompson at 924-3556, in Pahokee.

CRUSADERS in action during after noon practice.

## Tickets to see Dolphins

**BELLE GLADE** Tickets are still available for the chartered bus to the Miami Dolphins vs the Pittsburgh Steelers game on October 6.

The Belle Glade Police Benevolent Association is chartering the bus. The cost of the trip is \$30 and can be purchased by calling Sam Briefman or Susan Crosby at 996-7254.

The deadline is September 7.

## Fishing Report... Compliments of Tennessee's Pro Guide Service

"Fishin' been pretty good again this week. In the early mornings I've found that top water lures such as Devil-horse, Mitty minnow, Wood choppers, and Rapala's have produced some nice bass."

Gambler Crawdad worms, Charles Strawberry Glitter and a new worm called Tequila Sunrise are still some of the top bass getters.

Rick Nolan came in with a good bunch of bass, weighing up to 6 working a popper call.

I ran across a couple of fly fishermen the other afternoon who had a cooler full of bluegills, specks and slab speck in the boat.

"If it's to rain ok, you rigating on takes you get an't take rigating y most afford to

while we were talking. I wished them good luck, wiped the sweat from my forehead and headed in for something cool.

"SPECKS" now does that sound funny for this time of year? For some unknown reason the fishing gods have caused these fish to feed in good numbers this past week.

Myself, Sid Smith, Donna Jean, Jack Rice, Pat Stevens, Mr. and Mrs. Keller and Kevin have all caught some real nice stringers. Gordon and Ray from Slim's had a great "Speck Fry" last Saturday evening. I gained another 10 pounds "thanks fellows".

Last Thursday I really had a great time on the lake. Came in with

10 good bass that weighed 26 pounds. All of which I caught on topwater lures and a white spinner bait.

Last weekend the Lake Okechobee Tackle Testers held Peacock and Dennis Millions with approximately 23 pounds. Albo Peacock and Jeff Hansford came in second place with 19 pounds and 9 oz. And Jimmy Shelton and Buddy Ramsey took

third place with 18 pounds 11 oz. Congratulations!

The preparations for the "Speckathon" being held in January and February is progressing real well. We now have 1700 specks that will be released, but to make things more interesting in sponsoring some fish you can contact me at J-Mark's Fish Camp 996-5357. Folks, this should be a

really big event for our little town. And the more supporters we have, the more people we can attract to Belle Glade, not only in the hopes of catching a big money fish, but also to help all of our local businesses. Let's support Belle Glade and make us the "Spick capital of the world."

My boating tip for this week is real simple. If you plan on traveling any distance with your boat, be sure help all of our local businesses. Let's support Belle Glade and make us the "Spick capital of the world."

Weather will thin out old grease real quick. Until next week, safe boating and good luck fishing!

by Tina Rongione

Nothing relieves the stress of everyday living like a vacation. The ability to "get away from it all" is not so much a luxury as it is a necessary part of our lives. A visit to a different climate, a change in life style, interesting geography and a contrasting culture offers the traveler a totally new perspective from which to view life. The visitor is held suspended in time, and circumstances permit delights. At GLADES TRAVEL SERVICE, we want your trip to be a pleasure. There's no charge to you for our ricketing, and consultation. "Your Friends In The Insurance Business"

IN BUSINESS is insurance agent Phyllis Harrington (left) and Cindy Whitaker employee for the Florida Insurance Agencies.

## Ceramic shop opens

BELLE GLADE Nancy's E-Z Ceramics, located at 1108 N.E. First Street, Belle Glade, has reopened for business.

The owner-operator Nancy Moses has been doing ceramics for 14 years, owning her own shop for 12 of those years.

Moses' ceramic business started out as a hobby and then she purchased the Ceramic Shop. She has been certified in basic air brushing and has had several technic classes

sponsored by different product representatives.

She has taught ceramic workshop at Palm Beach Junior College. At her shop she teaches each student on an individual basis and teaches all phases of ceramics.

Moses said she would like to welcome all of her old customers back to the shop and extend an invitation to all who have a desire to try their hand at ceramics to stop in at Nancy's E-Z Ceramics and give it a try.

The shop will be open Tuesday evenings from 7 to 10 p.m. with expanded hours in the future. There are small changes in the operation in the shop.

All supplies are available for purchase featuring Duncan products. Special order items are available for individual desires. Moses will also custom make ceramics for you.

Stop by and discover why they say ceramics is "a most fascinating hobby."

## New insurance opens

BELLE GLADE Florida Insurance Agencies, Inc. is locally owned and operated. The owners are Wayne Whitaker and John Harrington, both of Pahokee.

The company provides insurance for auto, life, home owner, rental units, boats, business autos, umbrellas and various other specialty markets. The also provide various low rated and competitive bond

The local telephone number is 996-2222.

## Duval Federal to open

John R. Lamb, President of Duval Federal Savings and Loan

Association, a financial institution headquartered in Jacksonville, Florida, announces the opening of the new Belle Glade office at 701 S. Main St.

The modern, one story building of approximately 2,400 square feet, is representative of offices Duval Federal is building throughout Florida to keep up with the growing financial needs of their customers.

Then attending the grand opening Thursday, August 22 at 11 a.m. will be John Lamb, president, John R. Day and Robert McK. Foster, district manager, Thomas L. Altma, mayor, and Michael Miller, chief of police.

The 919 million Jacksonville based institution has 36 offices in 11 counties throughout Florida.

## Leukemia Society holds annual swim

The Leukemia Society's 6th Annual Swim Classic at Belle Glade will be held at the Belle Glade Motor Lodge on Saturday, September 21, from Noon to 3 p.m.

Sponsor forms may be obtained at the Motor Lodge, the Chamber of Commerce, or by calling the Leukemia Society at 832-2770.

Swimmers will be competing to raise the most money for cancer research and to win a trip of their choice on Eastern Airlines and other valuable prizes from Eric Ford, Southeast Bank and Century 21.

Leukemia is the number one killer of children age 3 to 15. Because of vital research, 70 percent of all children and 30 percent of all adults can now be cured. Still, 17,000 people will die of Leukemia, during the next year.

The Palm Beach Area Chapter asks anyone and everyone who can do the doggy paddle to join the fun of swimming to save lives.

Super Swim Classic '85 is sponsored by K. Hovnanian Companies.

Super Swim Classic '85 is sponsored by K. Hovnanian Companies.

## Afterschool program signup now

Parents of children at Okeechobee Center Housing Project are urged to register their children now for the Afterschool Program at Okeechobee Child Development Center.

Classes will begin Sept. 3 and will last throughout the school year.

The Afterschool Program was initiated in Feb. 1985 to provide afterschool day care and learning assistance to families whose parents work during the day and have no

one to take care of their school age children when the children arrive home from school.

The program is seeking an optimum of 75 students ranging from Kindergarten to children no older than 12. Since most of the children of Okeechobee Center attend Gove Elementary, the program has enlisted the services of a permanent substitute teacher from Mrs. Clara Christie.

Other staff members include Mrs. Inez Bell, Director of Okeechobee Child Development Center; Mrs. Velma Edwards; Kenneth Brown, and Mrs. Althea Jones, an employee of Lake Shore Middle School.

For 12 years, Mr. Brown will be Coordinator of the program.

The staff will provide tutorial and homework assistance, physical education, learning-through-games activities and a host of other activities for the children. Emphasis will be placed on areas where children have shown weaknesses, such as reading comprehension, vocabulary, math and manipulative skills.

A meal will be served during the afternoon. The hours of the program will be from 3 p.m. until 7 p.m., five days per week.

Anyone wishing to register their child/children for the program may call the Center (address above) and ask for Mr. Brown or Mrs. Inez Bell during the day. Bell (number listed above) or contact Mr. Brown or Mrs. Bell, hours of 8 a.m. - 4 p.m. or call the Center to find out more about the program at 996-9067.

If you would like more information you may call me at my office in West Palm Beach (number listed above) or contact Mr. Brown or Mrs. Bell. Thanking you in advance for your cooperation.

## Public notices

**PUBLIC NOTICE**  
U.S. Environmental Protection Agency  
Region IV  
Water Management Division  
1355 Peachtree Street, N.E.  
Atlanta, Georgia 30340  
(404) 555-5555  
Public Notice No. 85P-1355  
NOTICE OF PROPOSED RESUBMITTAL OF NATIONAL POLLUTANT DISCHARGE LIMITATION PERMIT

significant degree of public interest in the proposed permit resubmission, the EPA Regional Administrator will hold a public hearing.

After consideration of all written comments and the requirements and policies in the Act and appropriate regulations, the EPA Regional Administrator will make determinations regarding the permit resubmission. If the determination is substantially unchanged from the one announced by this notice, the EPA Regional Administrator will so notify all persons submitting written comments. If the determinations are substantially changed,

the EPA Regional Administrator will issue a public notice indicating the revised determinations. Requests for written hearing may be filed after the Regional Administrator makes the above-described determinations. Additional information regarding an evidentiary hearing is available in 40 CFR Subpart I, 48 FR 14278 (April 1, 1983), or by contacting the Office of Regional Counsel at the address above or at (404) 555-5555.

The administrative record, including application, fact sheet or statement of basis, draft permit, a sketch showing the

exact location of the discharge, comments received, and additional information on hearing procedures is available at cost by writing the EPA address above or by telephoning at 404-555-5555. The hearing will be held at 1355 Peachtree Street, N.E., 3rd floor, Atlanta, Georgia, between the hours of 9 a.m. and 3 p.m., Monday through Friday. Copies will be provided at a cost of \$5 cents per page.

Please bring the foregoing to the attention of persons who you know will be interested in this matter.

The U.S. Environmental Protection Agency (EPA) intends to release a National Pollutant Discharge Limitation Permit (NPDES Permit) to the following City of Pahokee Wastewater Treatment Plant 1000 McClellan Road, Pahokee, Florida 33479.

This is a 1.2 MGD municipal wastewater treatment plant discharging effluent to the Indian River Lagoon. The permit is being issued pursuant to the Clean Water Act (CWA) and the NPDES program. The permit will authorize the discharge of effluent to the Indian River Lagoon. The permit will also require the City of Pahokee to install and maintain a wastewater treatment system that will reduce the amount of pollutants discharged to the Indian River Lagoon. The permit will also require the City of Pahokee to monitor the effluent and report the results to the EPA. The permit will also require the City of Pahokee to maintain a record of all discharges and report the results to the EPA. The permit will also require the City of Pahokee to maintain a record of all discharges and report the results to the EPA.

## U-Save honors month's employee

BELLE GLADE Cashier Charlene Wilcox has been named the employee of the month for July at U-Save Supermarket in Belle Glade.

Wilcox has worked at the store for 11

years. She said she enjoys her job and the people she works with. She has four daughters, Traci, Toni, Clarissa and Courtney and a son, Harvey.

She was chosen by a management committee of U-Save.

A new assistant manager has also been chosen at the Belle Glade store. Terry Henson transferred recently from the U-Save store in La Belle.

In the La Belle store, Henson said he was the third man in charge of the stock crew for five years. He said he was looking forward to working and being in the Belle Glade area. "It's a bigger town than what I'm from, but it still has the small town atmosphere," he said. Wilcox is married. He and his wife Janet have three children.

## For Women

Colorful Thoughts on Clothes

You can add the right touch of color to your wardrobe. There's a new way for the color-analyzed woman to find color-coordinated fashions.

Whether you are a sultry summer or a sophisticated spring, amorous autumn or wonderful winter, there are colorful styles for your particular palette from the first catalog of its kind.

BeautiControl, Inc., which puts out the BeautiControl Boutique catalog, has a fully trained staff of over 4,000 color consultants for free color analysis.

For a copy of the color coordinated catalog, send \$1 to BeautiControl, P.O. Box 815189, Dallas, Texas 75381-5189.

## Curtis Miller now an IFAS staff member

Belle Glade...Curtis F. Miller has joined the staff of the Everglades Research and Education Center in Belle Glade as a soil scientist.

Miller is a 1983 graduate of the College of Natural Resources at the University of Wisconsin - Stevens Point. He has a bachelor of science degree with a major in soil science and a minor in chemistry. During his undergraduate studies he has completed sulfur research. Miller will be assisting

Dr. Dave Anderson in his work on sugarcane nutrition and soil fertility.

His family farm in South Leeds, Wisconsin, raised mink and sheep.

Miller will reside in Clewiston.

## Special bus service set for teachers

A special bus service to the Glades for teachers will resume

school year operations August 26, according to J. W. Brown,

CoTran's superintendent of transportation. The service is also available to the general public.

Generally, hours are 5:45 a.m. from West Palm Beach to the western sector of the county with a last return at 5 p.m.

Brown said the school year schedules, Route 10-T, will be distributed August 19 aboard Route 10-11 buses are available at CoTran headquarters at Palm Beach International Airport just off Belvedere Road.

The Route 10 and 11 brochure contains detailed information on the "Teacher Special" schedule, including stopping points and times, said Brown.

Additional details may be obtained by calling CoTran at 686-4555.

# Deaths

## LOIS SHEPHERD HOYLE

Lois Hoyle Shepherd, age 75, of Fifth Street, Canal Point, died Tuesday evening, August 13, in Glades General Hospital, Belle Glade, following an attack suffered earlier at the residence.

Mrs. Shepherd was born in St. Clair County, Alabama, on September 27, 1909, daughter of the late Will Alfonso and Fan-

nie Ethel Gambrell Hoyle. She had been a resident of Canal Point for nine months, having moved from Birmingham, Alabama. Mrs. Shepherd was a retired manicurist and was a former Miss Birmingham.

She was a member of the Baptist Church and attended the Canal Point Baptist Church.

She was preceded in death by her husband, Hudson Shepherd.

She is survived by three brothers—Lester Hoyle, Canal Point; Wilmer Hoyle, Vincent, Alabama; and Willis Hoyle of Canal Point; a number of nieces and nephews also survive.

Funeral services were conducted Thursday afternoon, August 15, in the Canal Point Baptist Church.

The Reverend B. Ray Stedham, Pastor, officiated.

Additional services were conducted Saturday morning at 11 o'clock at the graveside in the Oak Hill Cemetery, Birmingham, Alabama.

The Wetherington Funeral Home, Cypress Chapel, Pahokee, had charge of the arrangements.

## DONALD RAY YOUNG

Donald Ray Young, age 15, of 437 West Main Street, Pahokee, died Monday evening at Good Samaritan Hospital, West Palm Beach, following injuries received earlier in an accident in Belle Glade.

Donald was born in Monticello, Kentucky, on November 22, 1969, son of Thomas Jackson and Lela Potts Young. He had been a resident of Pahokee for the past 14 years.

He was a student at East Lake Middle School and attended the First Baptist Church, Pahokee.

In addition to his parents, Donald is survived by two sisters, Patricia and Mellina Faye Young, both of Pahokee; Paternal Grandparents: Mr. and Mrs. Ephraim Young of Monticello, Kentucky; Maternal Grandmother: Mrs. Effie Franklin of Monticello, Kentucky.

Funeral services and interment will be in Monticello, Kentucky. The Wetherington Funeral Home, Cypress Chapel, Pahokee, has charge of the arrangements.

# New policy announced

Sunbelt Cable today announced a "get tough" policy on its delinquent customers.

According to Mike Moffatt, System Manager, "There are over 600 customers on our Belle Glade and Pahokee cable systems who are consistently late paying their cable TV bills. We just cannot allow this to continue."

To correct this problem, Moffatt stated that Sunbelt's customers are given 30 days to pay their bills. Customers who have not paid their bills in full within that time will be disconnected and the unpaid balance

turned over to a collection agency. "In addition, Sunbelt will not be providing future cable TV service to these disconnected customers until they have paid their bills in full plus the increased deposit of \$40 and the installation cost of \$31.50," said Moffatt.

"There is a complete misunderstanding about this late charge. This charge actually represents part of our costs of collecting the balance on a customer's account. It is charged only to those delinquent customers whose bills

are more than 60 days in arrears and have been turned over to the collector's." He added "with our new credit policy however, we expect a substantially reduced number of overdue accounts. This will have a resulting decrease in the number of late charges."

# Revival meeting set

BELLE GLADE St. John First Baptist Church, Belle Glade is having the annual Festival meeting of the week of August 19

through August 30. The evangelist will be Dr. J.L. McFarland, pastor of the Bethel Baptist Church in Alliquippa, Pennsylvania.

St. John First Baptist Church pastor Dr. J.B. Adams invites the churches and local citizens to attend the revival.

## West Technical Education Center

2625 State Road 715 Belle Glade, Florida 33430

**COURSE OFFERINGS**

PH. 996-4930

### • AGRICULTURE •

Individuals are trained for upgrading or initial employment as gardeners, landscapers, grounds caretakers or other related occupations. Training is given in propagation, transplanting, weeding, irrigating, fertilizing, pruning, protecting, and handling plants for most effective results. Landscape and lawn maintenance will be covered.

### • BUSINESS EDUCATION •

present the complete bookkeeping cycle and applies it to a series of simulated sets of records used in sole proprietorship and partnership. Instruction includes check transactions and introduces new elements on control accounting (voucher system, petty cash system, inventory system, subsidiary ledgers, and posting). Automated accounting using the TRS 80 Model IV and IBMPC are offered. Instruction also includes business math and electronic calculator.

### CLERICAL OCCUPATIONS —

prepares a person for employment as a Receptionist, Reprographics Clerk, Clerk Typist, File Clerk, Record Keeper, or General Office Clerk and provides supplemental training for a person previously or currently employed in these occupations. Clerical Occupations prepare individuals to record, duplicate, and retrieve data, including dictating, sorting, and filing correspondence, records, and other data. Instruction also includes shipping and receiving procedures, stock and inventory maintenance, and operation of office machines.

### WORD PROCESSING —

An introduction to computers as used in business data processing. Instruction is designed to prepare a multi-skilled worker in data entry and computer installation. Emphasis is upon business applications and actual computer operation by the enrollees.

### • DISTRIBUTIVE EDUCATION •

#### PARTS MARKETING AND MANAGEMENT TRAINING —

Instruction is designed to prepare individuals for employment in automotive, truck, marine and farm machinery parts, accessories and service business. Instruction covers inventory control, catalog usage, procurement and distribution techniques, parts nomenclature, pricing, merchandising and customer service.

### • HEALTH OCCUPATIONS •

#### NURSING ASSISTANT —

This 240 hour program is designed to prepare a person for employment as a Nursing Assistant in a Home Health Care Agency, a Hospital and a Nursing Home. Instruction in the classroom and laboratory includes topics relating to patient personal hygiene, taking temperature, pulse, respiration, blood pressure, medical terminology, nutrition, home management, first aid, cardiopulmonary resuscitation, and developing job keeping skills. Planned clinical learning experiences are provided by an instructor at a Hospital, and a Nursing Home.

#### HOSPITAL WARD CLERK —

Instruction includes classroom instruction and supervised learning experiences in the nursing unit. Instruction is limited to the role and duties of the ward clerk, receptionist skills, managerial skills, clerical skills, medical terminology, personal hygiene, and human relations. Clinical learning experiences include admission, transfer, and discharge activities, record keeping activities, and environmental safety and sanitation.

### PRACTICAL NURSING —

This program is designed to provide classroom instruction, laboratory and clinical experience necessary to qualify for the State of Florida Practical Nurses Examination. Instruction covers anatomy and conditions of illness, human growth and development, nutrition, legal and ethical responsibilities, community and public health, medications, and patient care.

### • INDUSTRIAL EDUCATION •

#### AIR CONDITIONING, HEATING AND REFRIGERATION —

Instruction and practical application in the installation, maintenance and repair of air conditioning, heating and refrigeration equipment. Instruction covers safety codes, refrigerants, compressors, receivers, metering devices, electrical controls, valves, electric motors, starters, relays, and solutions for heat loss and duct sizes.

### AUTO BODY REPAIR AND REFINISHING —

Auto Body Repair and Refinishing prepares students to perform collision damage repair service: panel replacements as well as color painting. This includes body frame alignment. Certificates are issued at the completion of the core curriculum and one or more options.

### AUTOMOTIVE MECHANICS —

Instruction and practical application in all phases of automotive maintenance and repair. Instruction and laboratory experience is provided in diagnosing and servicing problems involving the engine ignition system, emission control system, carburetion, brakes, power train, suspension, alignment, cooling system, and electrical system. The latest diagnostic and test equipment is utilized in the training process.

### CARPENTRY —

Instruction and practical application in all phases of construction carpentry. Instruction includes layout, fabrication, assembly, installation and repair of structural units. Emphasis is placed on common systems of frame construction. Blueprint reading, materials estimating and interpretation of building codes.

### COMMERCIAL FOODS —

Instruction and laboratory experience in preparing complete menus for quantity cooking establishments. Instructions are given on dietary requirements, sanitation, food preparation techniques, and operation and maintenance of commercial cooking facilities.

### COSMETOLOGY —

This course is designed to enable the students to become proficient in the use of a variety of beauty treatments including the core and beautification of the hair, complexion and hands in preparation for the Florida State Board of Cosmetology examination. Certificate is issued after 1000 to 1200 hours of training and completion of the school's final theory and practical examination.

### HEAVY DUTY TRUCK & BUS (DIESEL MECHANICS) —

This program will enable the student to become proficient with employable skills in minor and major diesel engine rebuilding including injector services and diagnosis and testing procedures. Certificates are issued at the completion of the core curriculum and one or more options.

### HEAVY EQUIPMENT MECHANICS —

Specialized classroom and shop lab experiences are utilized to enable the student to become proficient in maintenance and overhaul of heavy mobile equipment, usually diesel powered, which includes transport vehicles and vehicles used in construction such as graders and bulldozers. Instruction includes the diagnosis of malfunctions by listening for abnormal noises, visual examination and use of test equipment; dismantling engines and systems; cleaning and examining for damage and excessive wear; repairing or replacing defective parts and assemblies.

### MACHINE SHOP —

Students are taught basic knowledge and skills in machine shop procedures which include the planning and reading of blueprints, work layout, machine setup, familiarity with materials, tooling, feeds and speeds of the machining process. Instruction includes: benchwork, precision measuring and methods of machining using lathes, grinders, drills, milling machines, shapers and saws. The curriculum will include training in turret lathes and numerical control machines.

### WELDING —

This course is designed to prepare students in the practical application of the joining of metals by the use of intense heat of gas and electric arc processes. In addition, repair, fabrication design, welding symbols and use of tools are covered. Certificates are issued at the completion of the core curriculum and one or more options.

### INDIVIDUALIZED MANPOWER TRAINING SYSTEM —

This program is designed to help develop and improve skills in reading language and arithmetic that are required for success in training for the vocational areas selected. Students are placed into this program based on individual needs and work at their own pace in a non-graded program. Occupational Exploration, a part of the IMTS Lab, is designed to assist persons in identifying vocational interests and skills and reaching a decision about a vocational goal.

### INDUSTRIAL COOPERATIVE EDUCATION —

This program provides a means of placing students in an appropriate supervised work situation. Instruction includes an assessment of each student's time classroom and laboratory capabilities, on the job supervision and evaluation, further training as needed and employability skills. When student reaches competency in program areas they can enter the CPE Program.

### FALL TERM BEGINS AUGUST 26, 1985. REGISTRATION NOW OPEN. EVENING CLASSES AVAILABLE IN MOST PROGRAMS.

REGISTRATION FEES

# WE'RE LOOKING OUT FOR MORE THAN JUST YOUR ELECTRICITY.

FPL introduces Radio Watch. It's similar to most neighborhood crime watch programs but has the added advantage of utilizing FPL's resources.

All FPL's 3,000 radio dispatched vehicles are on the lookout for crime, suspicious activity, accidents and emergencies.

Our drivers have been specially trained, in cooperation with local police departments, to observe and report. Obviously, they have no police power but will function as an extra 3,000 pairs of eyes to aid you.

At FPL we believe that crime is everybody's concern. And since we're part of 'everybody,' we want to do what we can.

# U-Save honors month's employee

**BELLE GLADE**

**Colorful Thoughts**  
on Clothes  
You can add the right touch of color to your wardrobe. There's a new way for the color-analyzed woman to find color-coordinated fashions.

Whether you are a sultry summer or a sophisticated spring, autumn or wonderful winter, there are coloristic styles for your particular palette from the first catalog of its kind.

BeautiControl, Inc., which puts out the BeautiColor Boutique catalog, has a fully trained staff of over 4,000 color consultants for free color analysis.

For a copy of the color coordinated catalog, send \$1 to BeautiControl, P.O. Box 815189, Dallas, Texas 75381-5189.

**Curtis Miller now an IFAS staff member**

Belle Glade...Curtis F. Miller has joined the staff of the Everglades Research and Education Center in Belle Glade as a soil scientist.

Miller is a 1985 graduate of the College of Natural Resources at the University of Wisconsin - Stevens Point. He has a bachelor of science degree with a major in soil science and a minor in chemistry. During his undergraduate studies he has completed sulfur research. Miller will be assisting Dr. Dave Anderson in his work on sugarcane nutrition and soil fertility.

His family farm in South Lehigh, Wisconsin, raised mink and sheep.

Miller will reside in Clewiston.

**Special bus service set for teachers**

A special bus service to the Glades for teachers will resume school year operations August 26, according to J. W. Brown, CoTran's superintendent of transportation. The service is also available to the general public.

Generally, hours are 5:45 a.m. from West Palm Beach to the western sector of the county with a last return trip at 5 p.m.

Brown said the school year schedules, Route 10-T, will be distributed August 19 aboard Route 10-11 buses are available at CoTran headquarters at Palm Beach International Airport just off Belvedere Road.

The Route 10 and 11 brochure contains detailed information on the "Teacher Special" schedule, including stopping points and times, said Brown.

Additional details may be obtained by calling CoTran at 686-4555.

# Deaths

## LOIS HOYLE SHEPHERD

Lois Shepherd, age 75, of Fifth Street, Canal Point, died Tuesday evening, August 13, in Glades General Hospital, Belle Glade, following an attack suffered earlier at the residence.

Mrs. Shepherd was born in St. Clair County, Alabama, on September 27, 1909, daughter of the late Will Alfonso and Fan-

nie Ethel Gambrell Hoyle.

She had been a resident of Canal Point for nine months, having moved from Birmingham, Alabama. Mrs. Shepherd was a retired manicurist and was a former Miss Birmingham.

She was a member of the Baptist Church and attended the Canal Point Baptist Church.

She was preceded in death by her husband, Hudson Shepherd.

She is survived by three brothers: Lester Hoyle, Canal Point; Wilmer Hoyle, Vincent, Alabama; and Willis Hoyle of Canal Point; a number of nieces and nephews also survive.

Funeral services were conducted Thursday afternoon, August 15, in the Canal Point Baptist Church. The

Baptist Church. The

Reverend B. Ray Stedham, Pastor, officiated.

Additional services were conducted Saturday morning at 11 o'clock at the graveside in the Oak Hill Cemetery, Birmingham, Alabama.

The Wetherington Funeral Home, Cypress Chapel, Pahokee, had charge of the arrangements.

## DONALD RAY YOUNG

Donald Ray Young, age 15, of 437 West Main Street, Pahokee, died Monday evening at Good Samaritan Hospital, West Palm Beach, following injuries received earlier in an accident in Belle Glade.

Donald was born in Monticello, Kentucky, on November 22, 1969, son of Thomas Jackson and Lela Poore Young. He had been a resident of Pahokee for the past 14 years.

He was a student at East Lake Middle School and attended the First Baptist Church, Pahokee.

In addition to his parents, Donald is survived by: two sisters, Patricia and Melissa Faye Young, both of Pahokee; Paternal Grandparents: Mr. and Mrs. Ephrium Young of Monticello, Kentucky; Maternal Grandmother: Mrs. Effie Franklin of Monticello, Kentucky.

Funeral services and interment will be in Monticello, Kentucky. The Wetherington Funeral Home, Cypress Chapel, Pahokee, has charge of the arrangements.

# New policy announced

Sunbelt Cable today announced a "get tough" policy on its delinquent customers. According to Mike Moffatt, System Manager, "There are over 600 customers on our Belle Glade and Pahokee cable systems who are consistently late paying their cable TV bills. We just cannot allow this to continue."

To correct this problem, Moffatt stated that Sunbelt's customers are given 30 days to pay their bills. Customers who have not paid their bills in full within that time will be disconnected and the unpaid balance

turned over to a collection agency. "In addition, Sunbelt will not be providing future cable TV service to these disconnected customers until they have paid their bills in full plus the increased deposit of \$40 and the installation cost of \$31.50," said Moffatt.

"There is a complete misunderstanding about this late charge. This charge actually represents part of our costs of collecting the balance on a customer's account. It is charged only to those delinquent customers whose bills are more than 60 days in arrears and have been turned over to the collector." He added "with our new credit policy however, we expect a substantially reduced number of over due accounts. This will have a resulting decrease in the number of late charges."

# Revival meeting set

BELLE GLADE St. John First Baptist Church, Belle Glade is having their annual revival meeting the week of August 19

through August 30. The evangelist will be Dr. J.L. McFarland, pastor of the Bethel Baptist Church in Alliquippa, Pennsylvania.

St. John First Baptist Church pastor Dr. J.H. Adams invites the churches and local citizens to attend the revival.

# West Technical Education Center

2625 State Road 715 Belle Glade, Florida 33430  
COURSE OFFERINGS PH. 996-4930

- AGRICULTURE •**  
**ORNAMENTAL HORTICULTURE**  
Individuals are trained for upgrading or initial employment as gardeners, landscapers, grounds caretakers or other related occupations. Training is given in propagation, transplanting, weeding, irrigating, fertilizing, pruning, protecting, and hardening plants for most effective results. Landscaping and lawn maintenance will be covered.
- BUSINESS EDUCATION •**  
**ACCOUNTING OCCUPATIONS**  
presents the complete bookkeeping cycle and applies it to a series of simulated sets of records used in sole proprietorship and partnership. Instruction includes cycle transactions and introduces new elements on control accounting (ledger system), petty cash system, inventory system, subsidiary ledgers, and posting. Automated accounting using the IRS 80 Model IV and IBMPC are offered. Instruction also includes business math and electronic calculator.
- CLERICAL OCCUPATIONS •**  
prepares a person for employment as a Receptionist, Reprographics Clerk, Typist, File Clerk, Record Keeper, or General Office Clerk and it provides supplemental training for a person previously or currently employed in these occupations. Clerical occupations prepare individuals to record, duplicate, and retrieve data, including classifying, sorting, and filing card response, records, and other data. Instruction also includes shipping and receiving procedures, stock and inventory maintenance, and operation of office machines.
- WORD PROCESSING •**  
An introduction to computers as used in business data processing. Instruction is designed to prepare a multi-skilled worker in data entry and computer installation. Emphasis is upon business applications and actual computer operation by the students.
- DISTRIBUTIVE EDUCATION •**  
**MARKETING AND MANAGEMENT TRAINING**  
Instruction is designed to prepare individuals for employment in automotive, truck, material handling, and other related occupations and service business. Instruction covers inventory control, catalog usage, procurement and distribution techniques, parts nomenclature, pricing, merchandising and customer relations.
- HEALTH OCCUPATIONS •**  
**NURSING ASSISTANT**  
This 240 hour program is designed to prepare a person for employment as a Nursing Assistant in a Home Health Care Agency, a Hospital, and a Nursing Home. Instruction in the classroom and laboratory includes topics relating to patient personal hygiene, taking temperature, pulse, respiration, blood pressure, medical terminology, nutrition, home management, first aid, cardiopulmonary resuscitation, and developing job keeping skills. Planned clinical learning experiences are provided by an instructor in a Hospital, and a Nursing Home.
- HOSPITAL WARD CLERK**  
Instruction includes classroom instruction and supervised learning experiences in the nursing unit. Instruction is provided relating to the role of the ward clerk, receptionist skills, managerial skills, clerical skills, medical terminology, personal hygiene, and human relations. Clinical learning experiences include admission, transfer, and discharge activities, record keeping activities, and environmental safety and sanitation.
- INDUSTRIAL EDUCATION •**  
**AIR CONDITIONING, HEATING AND REFRIGERATION**  
Instruction and practical application in the installation, maintenance and repair of air conditioning, heating and refrigeration equipment. Instruction covers safety codes, refrigerants, compressors, receivers, metering devices, electrical controls, valves, electric motors, starters, relays, and calculations for heat loss and duct sizes.
- AUTO BODY REPAIR AND REFINISHING**  
Auto Body Repair and Refinishing prepares students to perform collision damage repair service: panel replacements as well as car painting. This includes body-frame alignment. Certificates are issued at the completion of the core curriculum and one or more options.
- AUTOMOTIVE MECHANICS**  
Instruction and practical application in all phases of automotive maintenance and repair. Instruction and laboratory experience is provided in diagnosing and servicing problems involving the engine ignition system, emission control system, carburetion, brakes, power train, suspension alignment, cooling system, and electrical system. The latest diagnostic and test equipment is utilized in the training process.
- CARPENTRY**  
Instruction and practical application in all phases of construction carpentry. Instruction includes layout, fabrication, assembly, installation, and repair of structural units. Emphasis is placed on common systems of frame construction, blueprint reading, materials estimating and interpretation of building codes.
- COMMERCIAL FOODS**  
Instruction and laboratory experience in preparing complete menus for quantity catering establishments. Instructions are given on dietary requirements, sanitation, food preparation techniques, and operation and maintenance of commercial cooking facilities.
- COSMETOLOGY**  
This course is designed to enable the students to become proficient in the use of a variety of beauty treatments including the core and beautification of the hair, complexion and hands in preparation for the Florida State Board of Cosmetology examination. Certificate is issued after 1000 to 1200 hours of training and completion of the school's final theory and practical examination.
- HEAVY DUTY TRUCK & BUS (DIESEL MECHANICS)**  
This program will enable the student to become proficient with employable skills in minor and major diesel engine rebuilding including in-sector services and diagnosis and testing procedures. Certificates are issued at the completion of the core curriculum and one or more options.
- HEAVY EQUIPMENT MECHANIC**  
Specialized classroom and shop lab experiences are utilized to enable the student to become proficient in maintenance and overhaul of heavy mobile equipment usually diesel powered, which includes transport vehicles and vehicles used in construction such as graders and bulldozers. Instruction includes the diagnosis of malfunctions by listening for abnormal noises, visual examination and use of test equipment, dismantling engines and systems, cleaning and examining for damage and excessive wear, repairing or replacing defective parts and assemblies.
- MACHINE SHOP**  
Students are taught basic knowledge and skills in machine shop procedures which include the planning and reading of blueprints, work layout, machine setup, familiarity with materials, tooling, feeds and speeds of the machining process. Instruction includes: benchmark, precision measuring and methods of machining using lathes, grinders, drills, milling machines, shapers and saws. The curriculum may include training in turret lathes and numerical control machines.
- WELDING**  
The course is designed to prepare students in the practical application of the joining of metals by the use of intense heat of gas and electric arc processes. In addition, repair, fabrication design, welding symbols and use of tools are covered. Certificates are issued at the completion of the core curriculum and one or more options.
- INDIVIDUALIZED MANPOWER TRAINING SYSTEM**  
This program is designed to help develop and improve skills in reading language and arithmetic that are required for success in training for vocational areas selected. Students are placed into this program based on individual needs and work at their own pace in a non-graded program. Occupational Exploration, a part of the IMTS, is designed to assist persons in identifying vocational interests and skills and reaching a decision about a vocational goal.
- INDUSTRIAL COOPERATIVE EDUCATION**  
This program provides a means of placing students in an appropriate supervised work situation. Instruction includes an assessment of each student's full-time classroom and laboratory capabilities, on-the-job supervision and evaluation, further training as needed and employability skills. When student reaches competency in program areas they can enter the IMTS program.

# WE'RE LOOKING OUT FOR MORE THAN JUST YOUR ELECTRICITY.

FPL Introduces Radio Watch. It's similar to most neighborhood crime watch programs but has the added advantage of utilizing FPL's resources.

All FPL's 3,000 radio dispatched vehicles are on the lookout for crime, suspicious activity, accidents and emergencies.

Our drivers have been specially trained, in cooperation with local police departments, to observe and report. Obviously, they have no police power but will function as an extra 3,000 pairs of eyes to aid you.

At FPL we believe that crime is everybody's concern. And since we're part of "everybody," we want to do what we can.

## Recipes of college students

### Russian Teacakes

Tammy Haire, a senior this year at Florida Southern College in Lakeland, says this is her favorite Christmastime recipe. Tammy spent her summer earning money as a secretary for WSWN radio station in Belle Glade. She is majoring in journalism.

#### Ingredients

1 cup margarine or butter, softened  
1/4 cup powdered sugar  
1 teaspoon vanilla  
2 1/4 all purpose or whole wheat flour

1/4 teaspoon salt  
3/4 cup finely chopped nuts  
Powdered sugar

Heat oven to 400 degrees. Mix margarine, 1/4 cup powdered sugar and vanilla. Mix flour, salt, nuts until dough holds together and shape dough into one inch balls.  
Place about one inch apart on ungreased

cookie sheet and bake until set, but not brown (10-12 minutes). Roll in powdered sugar while warm.  
Cool and roll in powdered sugar again.  
Yields about 4 dozen.

TAMMY HAIRE

### Carrot Cake with Icing

Natalie Barton, a Clewiston resident, will be entering Florida Southern University in Lakeland this fall. This summer she worked until the end of June at The Clewiston News and did some work for the Chamber of Commerce as well. Natalie picked up on this recipe in fourth grade.

#### Ingredients

2 cups sugar  
1 1/2 cups oil  
4 eggs  
1/2 teaspoon cinnamon  
1 teaspoon baking powder

2 1/4 cups flour  
2 cups grated carrots  
1 small can crushed pineapple, drained  
1 cup nuts

Cream eggs, sugar, and oil in large mixing bowl. Add dry ingredients. Mix well. Bake at 350 degrees for 35-45 minutes. Cool. Stir in nuts, pineapple, and carrots. Beat then frost.

#### Icing

Combine one pound powdered sugar, one 8 ounce package cream cheese, one stick butter, and two teaspoons vanilla.

NATALIE BARTON

### Strawberry Tunnel Cream Cake

#### Ingredients

1 (10-inch) prepared round angel food cake  
2 (3-ounce) packages cream cheese, softened  
1 (14-ounce) can Eagle Brand Sweetened Condensed Milk (NOT evaporated milk)  
1/2 cup RealLemon Lemon Juice from Concentrate

1 teaspoon almond extract  
2 to 4 drops red food coloring, optional  
1 cup chopped fresh strawberries  
1 (10-ounce) container frozen non-dairy whipped topping, thawed (3 1/2 cups)  
Additional fresh strawberries, optional

Invert cake onto serving plate. Cut 1/4-inch slices crosswise from top of cake; set aside. With sharp knife, cut around cake 1 inch from center hole and 1 inch from outer edge, leaving cake walls 1-inch thick. Remove cake from center, leaving 1-inch thick base on bottom of cake. Reserve cake pieces. In large mixer bowl, beat cheese until fluffy. Gradually beat in sweetened condensed milk until smooth. Stir in RealLemon, extract and food coloring if desired. Stir in reserved torn cake pieces and chopped strawberries. Fold in 1 cup whipped topping. Fill cavity of cake with strawberry mixture; replace top slice of cake. Frost with remaining whipped topping. Chill 3 hours or freeze 4 hours. Garnish with strawberries if desired. Return leftovers to refrigerator or freezer.

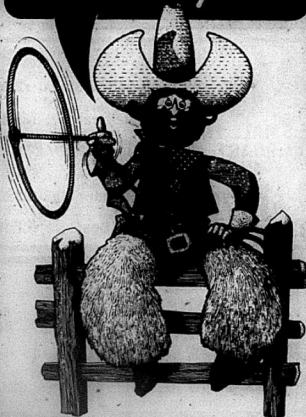

Who me...  
Hold a  
Garage  
Sale?!

Of course I do — every year! Almost everybody's doing it... it's the smart, easy, fun way to turn unwanted items into cash — and a lady can't have too much cash!

Join the  
Round up  
and rope a  
herd of buyers!

Whatever you want to sell: your house, car or even your horse... you'll get a roundup of great results. Classifieds reach everybody for quick, easy sales!
